

(Form 1)

Opinions and training process plan of RIKEN research supervisor

Research supervisor (see **[Research Supervisor]** of Application guidelines)

Research supervisor

Laboratory: _____Position: _____Name: _____ SignatureName of laboratory head* : _____ Signature

*Please fill in when the research supervisor is not the laboratory head.

Candidate Name _____

1. Opinions*¹2. Training process plan *² (Including the role of the mentor)

3. Mentor (RIKEN PI (other than the PI of the host laboratory)) *³

Laboratory:

Position:

Name :

4. The order of priority*⁴: ____ out of ____

Note: Please do not exceed two pages, including footnotes.

*¹ Comment on candidate's research capabilities and if his/her research plan is feasible.

*² Describe the development plan to obtain a Doctoral degree and the research support program to achieve this (including the role of the mentor). When two or more candidates are under the same PI, describe the training and development plan for all candidates involved. If it is known that the laboratory will be closed during the period of the JRA candidate's employment with RIKEN (For three years from April 2027, for PhD programs requiring 4 years.), provide the date and the location to which the JRA candidate will be transferred.

*³ Please obtain the mentor's consent before filling out the form.

To allow students to receive advice from a variety of perspectives, please ask a RIKEN PI (other than the PI of the host laboratory) to be the mentor.

*⁴ When two or more candidates are in a lab, or when a PI who has multiple labs and two or more candidates under the same PI, please provide the order of priority for all candidates under the PI.
